To Whom It May Concern:

I am writing along with thousands of people to tell you that I feel the increasing of rates right now is inappropriate for the current status of all people. People are with out jobs, and every day one more thing goes up, but pay. I am of retirement age & can not afford to quit for the outrages cost of living. We haven't seen a raise where I work in two years & feel fortunate just to have jobs, but you are asking for four times more of an increase then people can afford or make. Maybe SCE&G needs to tighten their belts just like the rest of us have had to do. I'm on the budget plan now & have for the first time gone way over budget due to the extreme cold & I'm worried how I will make that difference up by fall let a lone have an increase in my service.

Please do some re-thinking of ways you could profit without hurting your customers. Bet your rates would come down if there was more competition, where people could pick & choose which power company they wanted.

Thank you,

Sincerely,

Karen Adair

Letter of Protest

The letter is in protest against your suggested rate increase.

SCE&G already has higher rates than other investor-owned utilities, as well as publicly owned Santee Cooper.

Dear Sir or Madam.

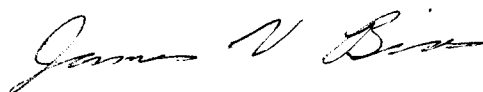

I am writing to protest the rate increase proposed by SCE&G.

I have had to give up my cell phone and my internet service just so I can keep my electric service. The ever increasing monthly cost of power by SCE&G has put my family in quite a bind.

My bill last month was \$418. We live in a trailer with only 2 people and using 2 space heaters.

It seems that when our meters were "up dated" according to SCE&G last summer, our bill has steadily climbed.

If your commission sees fit to grant this latest increase, then perhaps we should protest you!

Sincerely

SCE&G Utility Customers

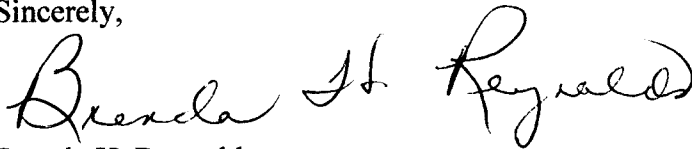

Gentlemen:

I am asking that you not increase the rate for the SCE&G customers. It is not time to increase anything considering the economy.

I can hardly pay my bills now.

Thank you.

Sincerely,
